BRANDING YOUR CALENDARS

1. What must I supply?

Please provide us with a printed colour sample of your logo, such as that used on your letterhead or business card. Additionally, please share any details you wish to have printed on the calendars, such as a slogan, telephone number, email address, website etc.

2. What format must my logo be in?

We need your logo in a digital format, which can be sent via email. To ensure the highest print quality, please provide a high-resolution file. Logo's should be submitted in one of the following programs: PDF, Illustrator (EPS or AI), InDesign, or Photoshop. If logo's are supplied in Microsoft Word or at a low resolution, we may need to redraw them for a small fee.

3. Will my information and colours be correct?

To ensure the accuracy of your logo's colours, we require a Pantone or CMYK reference number. Alternatively, we can match the colour of your logo to the provided colour sample. We understand the importance of getting everything just right, which is why we will supply you with full proofs of your artwork for your approval before we begin printing. This way, you can be confident that the final product will meet your expectations.
